

Montreal Wall Hugger Lift Chair

The Montreal Wall Hugger Lift Chair has been designed to offer superior seating comfort and functionality, combine this with the space saving wall hugger operation, legs up only action and you have a very versatile lift chair. The wall hugger operation allows the chair to be positioned 100mm from the wall with full operation available on the chair which is ideal for smaller rooms. Each chair is fitted with quality actuators and are available in either Macro Suede or Faux Leather covering.
